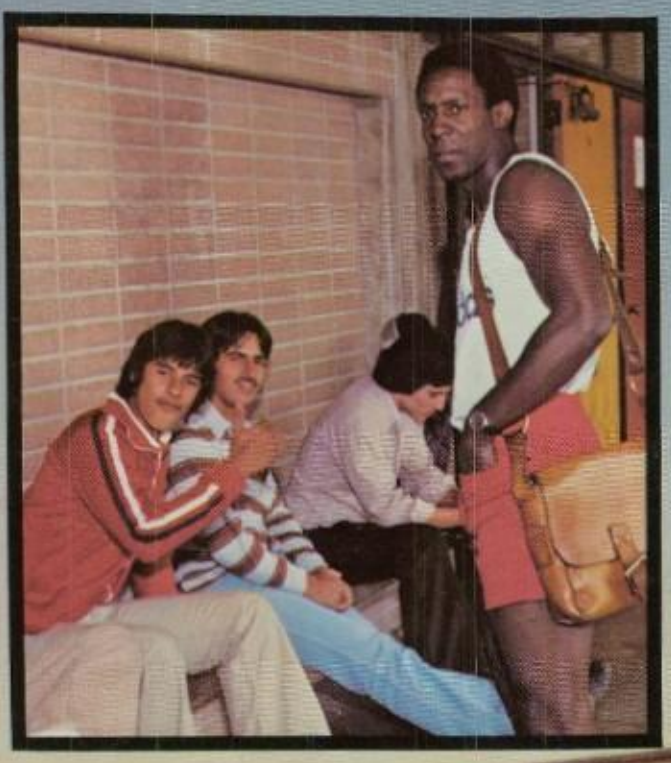
Something Special
by Peter Derge

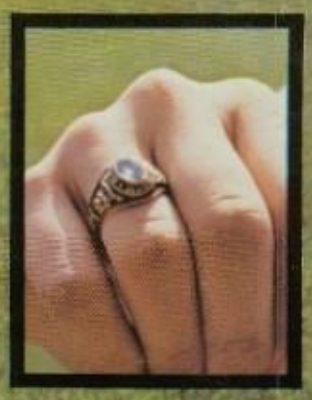
Here we are together, you and me,
Everyone is near, I feel so happy inside
To be with people that I love.
So much room to grow.
Now that we're trying to make it something special.
We're on our way.
Got to make it something special
Starting today.
No matter what we have to do
Count on me to try.
I'm standing right beside you
In everything and every way.
Ready now to learn how good it feels
When you make it something special.
It feels so fine.
You've got to make it something special.
Don't you think it's time?
Gotta get down to making it something special.

SAN JOSE- WE'RE

Every man must choose the path in life that he will take. San Jose has been for many the fork in the road of life; the place where we stand a while in thought reminiscing the past and pondering which path to take for the future. The experiences we have here will affect that decision. We will remember the special things we did and learned, the experiences that made us who we are. We all change during our stay at San Jose and before we make the decision as to which path in life to take we must remember those special things that caused our changes. The things like our . . .

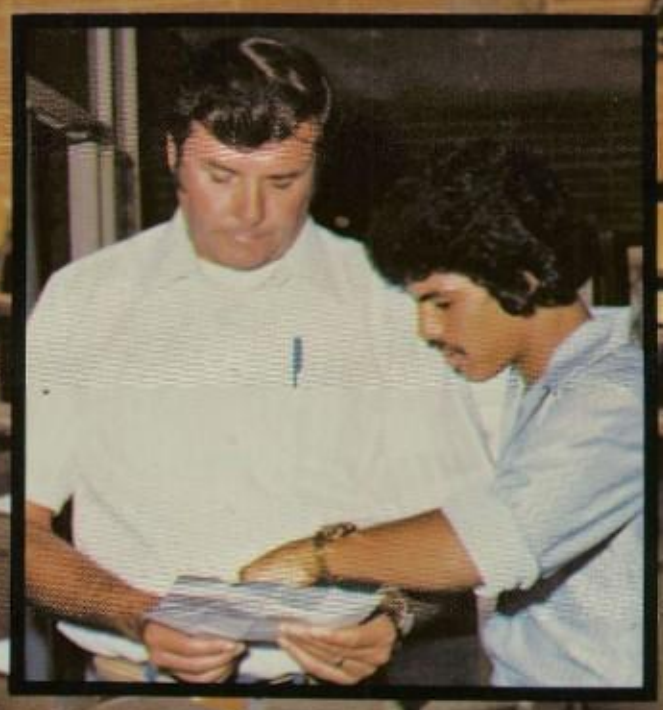
SOMETHING SPECIAL

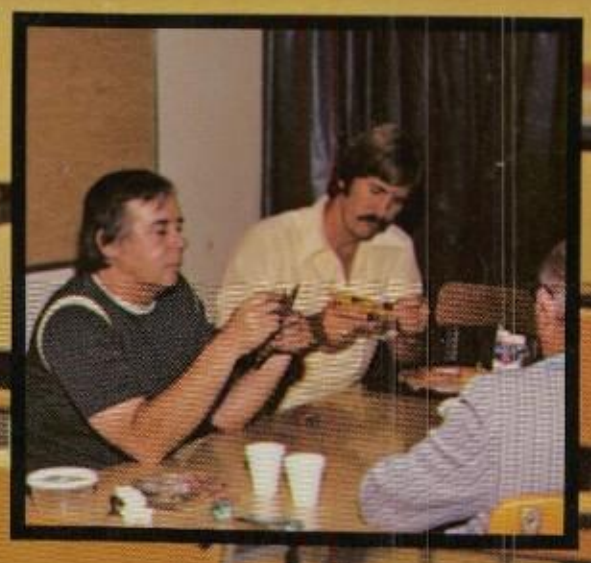


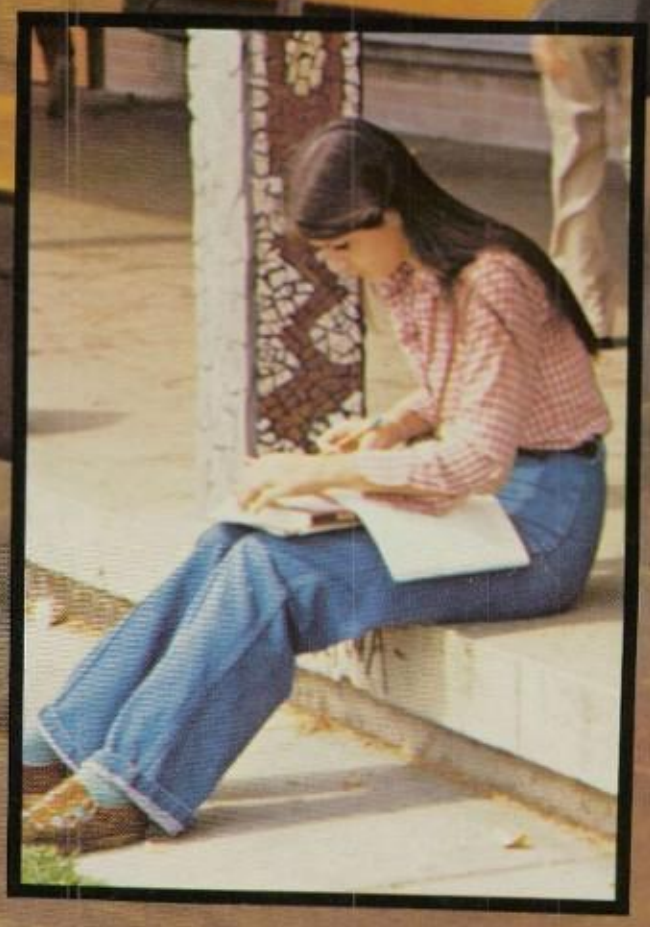


Education

that we received here; perhaps not the best or the highest quality of education available, but there is something special about the kind of learning students get here. Something that goes far beyond academics, beyond classrooms and beyond books. San Jose has a great variety of people, and it is through this variety that S.J. students have the opportunity to learn so much about people and themselves. It is perhaps true that the social lessons a student learns here will be more valuable than the academic ones. But still, all those teachers and all those books are important too. They all lead to the final day, graduation, when you can feel the . . .







Pride

of making it. To be able to feel proud of one's self or something one loves or believes in makes a person stronger, more confident. All of us as individuals have something we are proud of. Our clothes, car, appearance or the school itself. The phenomenal success of our Bulldog football team this year gave a lot of people more pride in their school. Many students here put a lot of time and effort as well as money into their cars. They have "pride in their ride." Everyone has something special that they are proud of. Their...

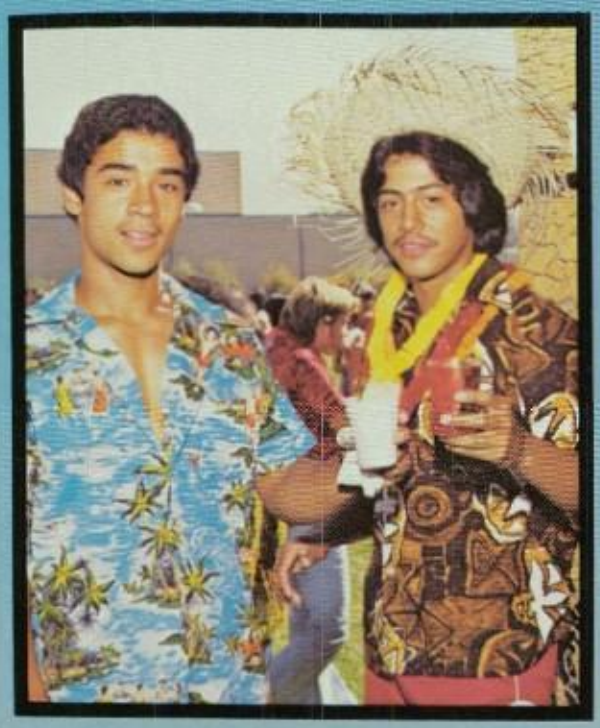
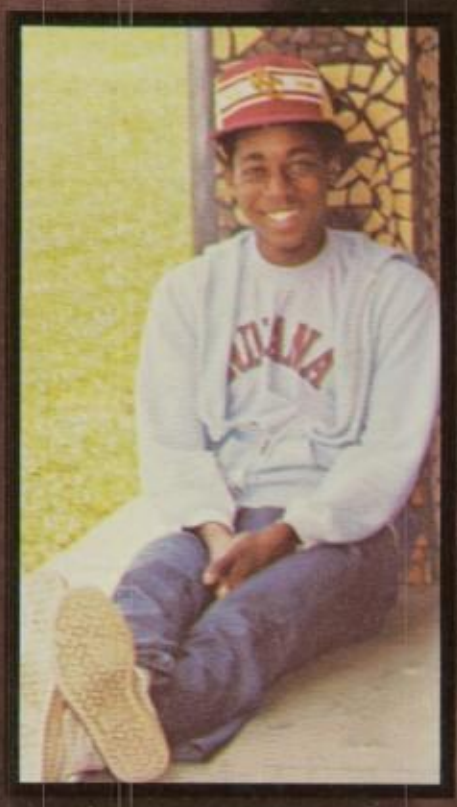
Friends

share their pride. A friend shares your good times, bad times, highs and lows. A friend will accept all your little oddities and shortcomings. He may not understand them, but he accepts them as part of you. Ralph Waldo Emerson said, "A friend is someone with whom you can be yourself, before him you may think aloud." You can tell him your deepest feelings, he will not make fun or criticize. He listens when you speak, advises when he can, sympathizes when he should. Many of us can say that we have found our best friends here at San Jose High. We have found our groups of people where we fit. It's so nice to feel the security of knowing who your friends are. The security of having one good buddy beats having a hundred pals to hang around with. A true friend is surely the most special thing of all.



Happiness

is smiles and laughter and good times and hanging out with the gang. Happiness, pride and love and victory. Happiness, according to Charlie Brown, is a warm puppy. Maybe a baby bulldog? Happiness is here. It's San Jose. Everywhere you turn you are confronted with smiling faces, laughter, people enjoying themselves. Whatever makes you happy, chances are you'll find some connection to it right here at San Jose High. Dancing, drinking, competition, creation, girls, guys, cars and classes. Anything you like we've got it all. Of course we have happiness, it's part of our . . .



Style

San Jose doesn't have one style in particular. It couldn't, we have too many different kinds of people. Everyone has their own individual style. A person's style shows in everything he does and in all of his tastes. What he wears, for instance. Levi's, fancy slacks, or maybe khakis. Is it Pendletons or silk shirts? Music says a lot about a person's style. What are you into: Soul, rock & roll, jazz, disco? And what about wheels? Maybe you like a lowrider so low to the ground it scrapes the speedbumps, or a slightly jacked-up hot rod built for speed. Maybe just a nice clean car, the standard distance from the ground. Our style is something special because we have class. San Jose is stylish and classy. It is our styles that make us individuals. They are reflections of our personalities. Our own styles even reflect our . . .

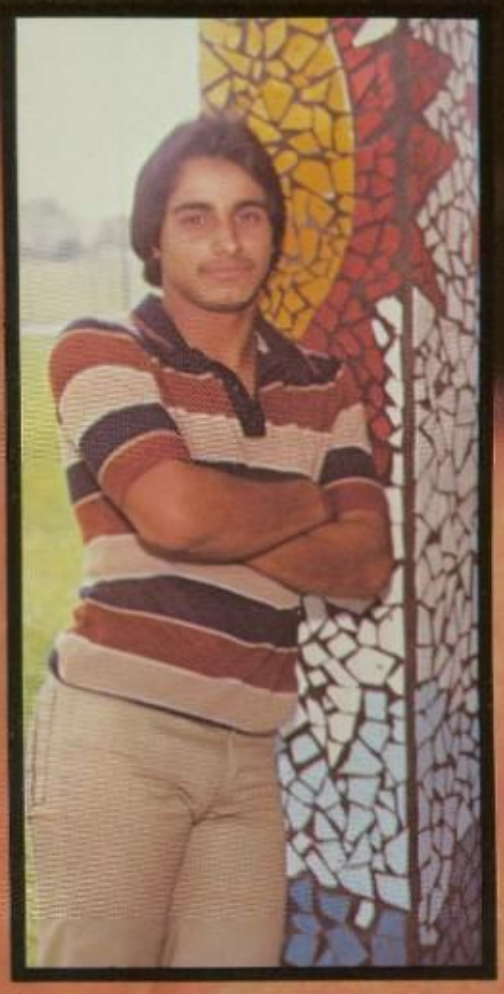
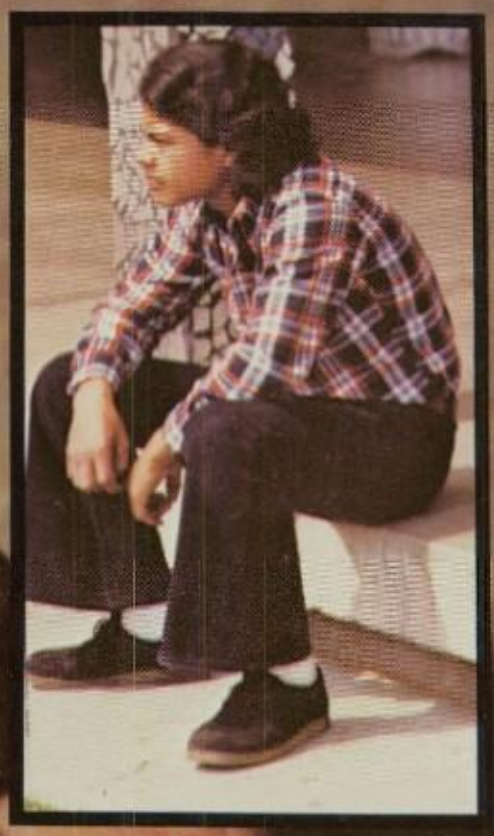
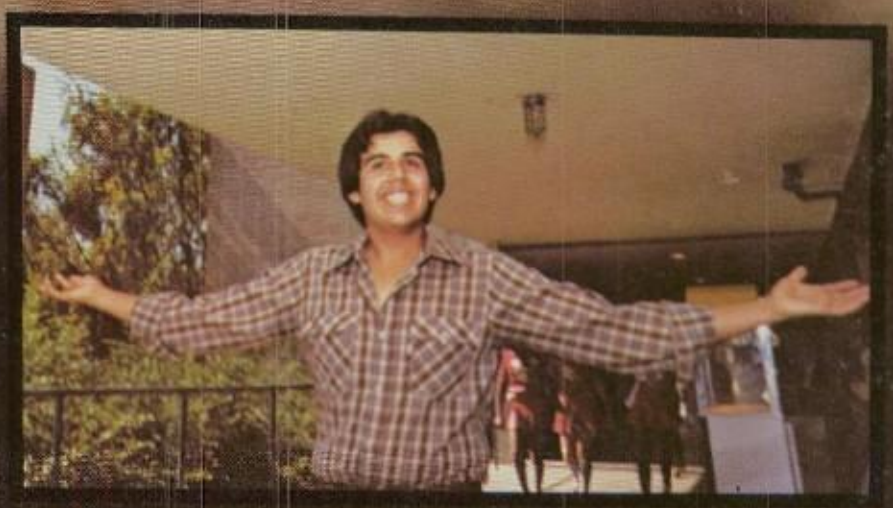
Feelings

about things. During high school people first begin to get in touch with their feelings. They learn to handle them better and to express them better. We experience so many different feelings during adolescence. The pain of rejection, the agony of defeat; sometimes it gets so bad it seems life isn't worth carrying on. But there's always a little light in the darkness. We suffer frustration, humiliation, anger and fear. We get laughed at, teased and rejected. Often you just want to reach out and crush something. But then think of all the good times; the times when you felt you could just hug the whole world. The feelings of love and success and accomplishment are so good. For every tear you shed, there's a time you laugh; for every frown, a smile. If you could tally it all up you'd find that in the end– the smiles have it.







Expression

like style, is a reflection of our personalities. Only in expression the lines are more defined, the picture clearer. Expression is putting feelings into words, actions, or creations. People that express themselves in music will compose music to suit their mood. A writer uses words to make his point. Carefully balancing each phrase and sentence to accurately convey his meaning with the most impact. The words he writes are his thoughts; he expresses himself on paper, it is the best way that he knows. The artist, whether he would paint or sculpt, expresses himself with the art he creates. Art works reflect moods and feelings; some get more specific, expressing single beliefs or ideas. A painter with delicate care adds a touch more color, the sculptor with loving precision makes a small perfection. To each of these their work is something special. Something very special, indeed.

The moments we have experienced here
at San Jose High provide for us,
the class of '79,
something nice to look back on.

Together we have made our four at San Jose High . . . Something Special.

The smiles, the victories, the parties, the dances, the laughter, the activities, the capping and the friendship shared by all, have made San Jose High a special part of our lives.

Many of us will never forget San Jose High and for most of us preparing for the future, this school will remain as a wonderful memory.

Along with the Big Bone victory, the teachers, the clubs, the rallies, the classes, the Junior Prom, the Senior Ball, The Sadies, the jokes, the music, the Little Bone, and the times, when we, as friends, were SOMETHING SPECIAL. . .

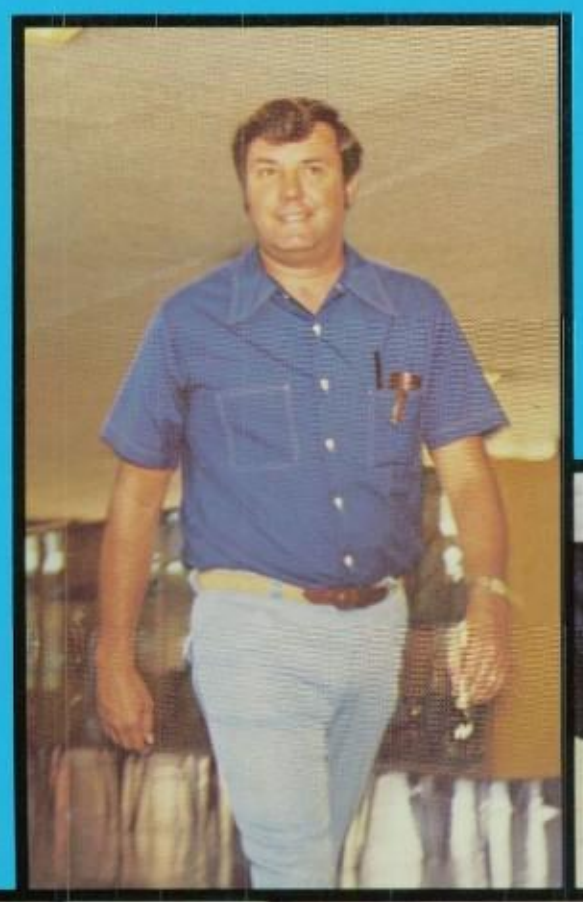
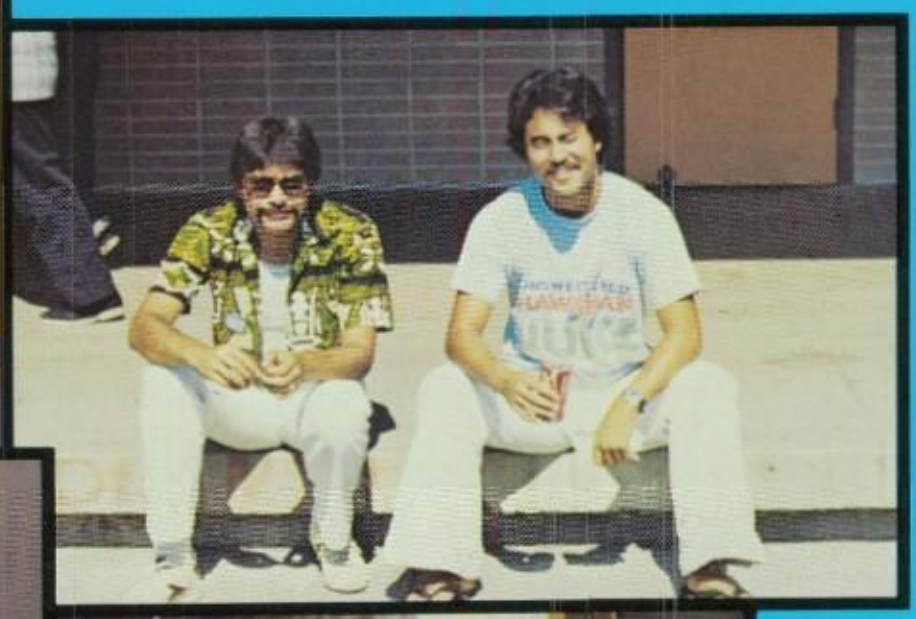
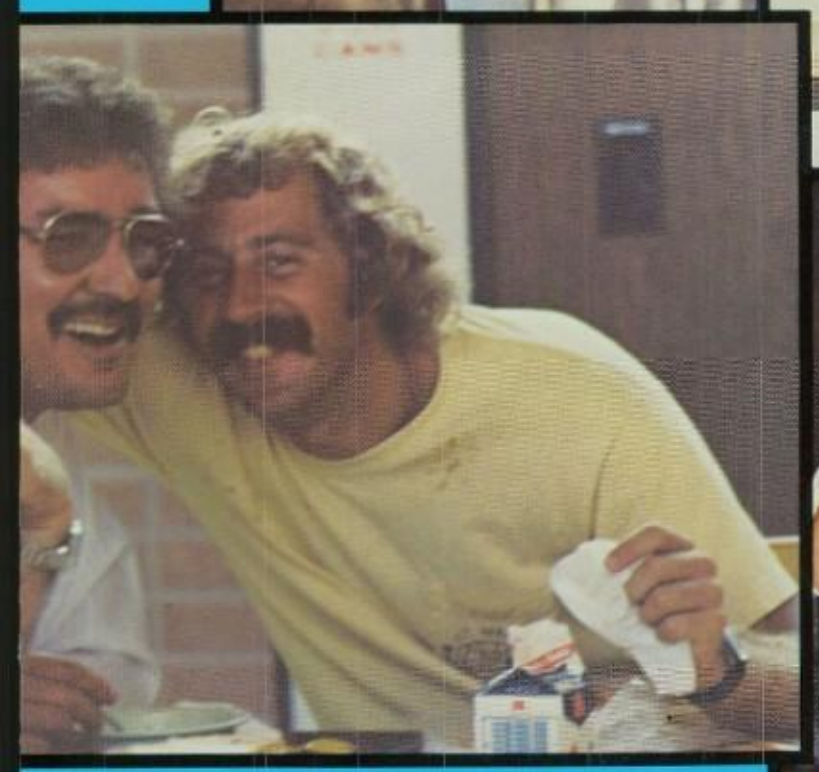
"THANK GOD







IT'S FRIDAY"

PRINCIPAL'S MESSAGE

One of the many things that I am impressed with at San Jose High is the warmth and friendliness of the students here.

As your senior year comes to a close I would like to suggest to you not to be dismayed at goodbyes.

A farewell is necessary before you can meet again, and meeting again is certain for those who are good friends.

RALLY COMMITTEE

What a group! These girls started their long task towards a successful and happy year many months before school started. All Rally Committee members attended the U.S.A. Summer Spirit Camps, and brought home many honors. The biggest honor for Rally Committee was having Bonnie Tokiwa, Connie Tokiwa, and Janet Lopes scouted for positions as U.S.A. instructors. Everyone on the Rally Committee would like to thank the many fans at San Jose High, for making this year the best ever for us.

CHRISTMAS DANCE '78

Everyone's making their move.

Boogie down Kenny and Donna.

Since everyone had a really great time this year, the Christmas dance was considered a very successful one. The Senior Class was trying to raise money for their Hawaiian trip at the end of the school year. Many people had a really great time gigin' to the sounds of the top disco hits.

With the flashing lights, and the Christmas spirit in the air, the people at the dance celebrated Christmas in a wild and crazy way, typical of San Jose High.

The Senior Class would like to thank the people of San Jose for making the dance fun for everyone. And Santa Claus thanks you too!

Everybody doing the S.J. drop.

This year's young varsity tennis team made up for their lack of experience by playing with a strong determination and confidence in their skills. The team was led by No. 2. singles player Rosanna Manuel, who compiled 8 individual victories. The J.V. team, which consisted mainly of newcomers, showed great improvement throughout the season and is looking forward to a winning season next year.

The 1978 Bulldogs will be remembered as a team with a mission. Their mission was Respect. Prior to the season, there were numerous teams in the area who played us thinking it would be an easy win. Now, we are going to have trouble finding schools willing to schedule us.

Our Players displayed pride, poise, & a stick-to-it-ness that I have never seen in a San Jose High football team before. Of our seven wins we came from behind in four of them to gain the victory. Senior tackle, Steve Perea has to be singled out as the most inspiring & determined leader I have seen in my eight years at San Jose High School. This was a building year for the Junior Varsity Volleyball team at San Jose High. We had a lot of new inexperienced players. They learned a lot and gained valuable game experience. Norma Cardenas was voted the teams most valuable player, and was also selected as a first team All-League player.

1. M.V.P. Norma Cardenas hits a powerful spike past Leland. 2. Guadalupe Ramirez digs the ball to Racel Pauda, as teammate Gracie Guerra looks on. 3. Lupe Ramirez shows her concentration as she bumps the ball to setter Patty Cruz. 4. Patty Cruz dinks one over Leland.

CROSS - COUNTRY

VARSITY (L-R) - Frank Gutierrez, Leonard Perez, Froilan Pettus, Fernando Balderas, Joey Tobaldo, Mike Moreno.

This year's Cross-Country season opened with many surprises. One of the biggest being the large turn-out for the team. A record thirty-six students showed for the first day of practice, sixteen being girls. Also, for the first time ever, San Jose High fielded a full Girl's Cross-Country Team. The Girl's team was comprised mainly of freshmen with two sophomores. Led by Monica Montanez, Sylvia Macias, Mary Ochoa and Berta Reposo, the girls finished with a league record of 3-wins and 4-losses. The team also finished strong at league finals with Monica Montanez placing 14th, Sylvia Macias taking 19th and Berta Reposo finishing 25th.

Another surprise for this year's team was the realization by Fernando Balderas that he was a better runner than football player. Like the girls, the Boy's team was comprised mainly of freshmen, sophomores and juniors, with one senior being Mike Moreno. In the Frosh-Soph level the team was led by Lenny Welch, Phillip Tabaldo and Jim Souza. All three did outstanding jobs as freshmen with Lenny Welch taking 5th place and a medal at the Del Mar Invitational. Along with Jose Posadas, Gary Sosa, and Richard Velador (all sophomores) each of the above individuals would inter-mix and run either Frosh-Soph or Junior Varsity.

The Boy's Varsity Team, made up of Fernando Balderas, Frank Gutierrez, Joey Tabaldo, Leonard Perez, and Mike Moreno, performed very respectively throughout the season. The team was very young and lacked the experience it needed to be one of the top teams in the league. With a lot of miles and a lot of hard work next year's season should be very prosperous for the San Jose High Cross-Country Team.

Although, we didn't have one of the top teams in the CCS, we did have one of the top runners. Junior Fernando Balderas lost only one league meet this past year and placed 4th at the Alum Rock Invitational, second at the Del Mar Invitational and 1st at both the Aptos and Soquel Invitationals. Fernando placed 2nd at league finals, 3rd at Region III finals and 4th at the CCS finals to bring an end to the '78 season. "It was a lot of fun and pleasure working with these individuals this year!!"

The C's basketball team was competitive in all the games played. Led by the steady play of Danny Acosta and Todd Nakano, the C's outscored their opponents 576-512 over the course of the season. However, the young bulldogs lost four games by a combined total of eleven points. MVP- Todd Nakano, MVP- Jr. Loredo, Honorable Mention- Danny Acosta and Jr. Loredo.

D's Basketball

When one speaks of a winning attitude and outstanding winning records, he has to be speaking about the D's basketball program. Over the last three years, the D's have won two championships and this year, finished second. They won 36 games and lost only 6. This year's team led by Reynaldo Del La Paz and Norman Kanishiro, got off to a slow start, losing 2 of their first 3 games. However, they came back and won their last 9 games to finish in second place with a 10 - 2 record.

Little Bone Stays Home

The Frosh-Soph football team started off the season with only seven players, but these seven were dedicated to the one principle that makes the difference between winners and losers - they were willing to make individual sacrifices for the good of the team. Even with this beginning we managed to win our league opener against Pioneer 14-12. The Little Bone victory was the highlight of the entire season with our 21-0 shut-out of our across town rival, the Lincoln Pussy Cats. We of the Frosh-Soph team are looking forward to an even more successful season next year.

The 1978-79 Varsity Basketball team produced an outstanding season, placing third in STAL competition. Moving into the playoffs the "Mighty Midgets" narrowly missed upsetting Leland, the No. 1 team in the league, by sending the game into overtime and eventually losing by a score of 49-48.

Throughout the season the bulldogs received outstanding performances from Lori Mukai, avg. 13 pts. a game; Cindy Fratini, avg. 10 pts.; and Nancy Hirose, avg. 7 pts. a game. All three players were selected to the All-League teams for a well deserved honor.

Rebounding, defensive support and a "together" attitude were provided by Susan Sakuda, Marty Medina, Regina Aning, and seniors Debby Mukai, Cindy Gomez, Karen Fratini and Maureen Phillips. San Jose High will greatly miss this outstanding group of senior players, who have represented our school in the highest manner possible.

As our nickname implies, the "Mighty Midgets" lacked a great deal of height. We compensated for this lack of height with our overall team hustle, ability and a lot of desire. After clinching third place in the STAL for San Jose High, we the "Mighty Midgets" can proudly say, "WE DID IT TOGETHER."

This year's J.V. Basketball team began the year with no returning players. The team members worked hard and dedicated a lot of energy towards improvement and team effort. Seniors Rosanna Manuel, Mel Parravi and captain Sylvia Ramirez will be greatly missed next year. 1979 BULLDOG WRESTLING

This past season proved to be very promising for the future of San Jose High Wrestling. Although the Varsity Team only competed in seven of the thirteen weight divisions, they did extremely well. Even though the Varsity Team was undermanned they came up one match short of upsetting Leland and Lincoln, losing 33-42 and 25-45.

Wrestling at the Varsity level were John Soto, Frank Ferrel, Horacio Balderas, Joe Ochoa, Carlos Alvarez, Danny Munoz, and Leonard Montellano. Outstanding wrestlers this year were Frank Ferrel and Joe Ochoa, who both placed third at the CCS Region III Wrestling Finals.

At the Junior Varsity level, San Jose filled a full team with plenty of extras. Led by Ed DeLaPaz, the San Jose Grapplers finished with a 4-win and 3-loss season. Ed DeLaPaz placed first as a league champion with Ed Pina, John DelPonte, Eric Hermsmeyer and Alfonso Macias all placing second.

The Bulldogs look strong for the next few years.

The 1978-79 San Jose High Bulldog Basketball Team was very young, exciting, enthusiastic and hard working. We had five Sophomores, (three of which started) seven Juniors and only three Seniors.

This year's team was led by First Team All League Player Jacque Robinson, who averaged 15.2 points per game, Second Team All League Roland Flores, our leading rebounder, and Honorable Mention All League Player Louie Silviera, a fine shooting forward.

Contributing to the success of this year's team, but not mentioned as All League Players were: Kevin Akizuki, the team leader and tops in assists and Joe Grimaldo, a very good defensive player. We also had a very strong bench in the likes of Nick Sarabia, Fred Jackson, and James Peredia.

The season was highlighted by a near upset of number one rated Gorman High School of Las Vegas, a one point win over League Champion Willow Glen, a five overtime loss to Region III Champion Leland High, and a special mention in the final polls of *CCS Weekly Ratings*. This year's team out scored the opponents by 6/10 of a point. Next year looks bright for the San Jose High "Fighting Bulldogs."

The young men on this year's squad, though weak in experience, were very strong in determination.

It's too bad that teams are evaluated by their win and loss record, because the hard work, long hours and conscientiousness of this team were immeasurable.

The sportsmanship and knowledge consumed by each and every player this year will result in a positive reflection of future years of play, both on the court and off.

These players made coaching both helpful and extremely pleasurable. We worked hard together, had many enjoyable times and learned a lot from each other, both about ourselves and basketball; to me that equals out to a very successful season.

If life is measured by winners and losers, then these athletes are definite "WINNERS."

(Top Row)- Frank Gutierrez, Margarito Garza, Gerald Leyva, Mario Galaviz, Halario Ibarra, Marcelino Suarez, John Montez, Danny Acosta, Fernando Alves, Wayne Hane.

This year's Track Team was low on numbers but high on enthusiasm. The Frosh-Soph squad looks promising for the future. The team is led by Wayne Hane (Long Jump - Triple Jump), and Margarito Garza (Distance), and also by a pair of newcomers: Ray Gonzales (Shot Put), and Marcelino Suarez (Distance).

The Girls' Team is vastly improving with the return of Berta Reposo (880 - Mile), J'Amy Howard (220 - MR) and newcomers Cindy Fratini (220 - MR), Monica Montanez (440 - MR) and Patty Loredo (Shot Put - Discus).

The Varsity will be led by Fernando Balderas (880 - Mile - 2 Mile) and Dean Corpuz (Shot Put). Outstanding newcomers to the Varsity Team are; Danny Acosta (440 - Triple Jump), and Richard Castro (Shot Put - Discus).

Balderas, the school record holder in the mile and 2 mile should break his own records again this season. This past winter Fernando placed 5th at the San Francisco Examiner Indoor Games held at the Cow Palace. He should be one of the top competitors in the Mile and 2 Mile in the Central Coast Section. Dean Corpuz, Richard Castro and Danny Acosta should also do well in the STAL along with John Menteer and Berta Reposo, in their events.

It is always nice to look around at the beginning of a season, and see seven of your starting nine as lettermen. Last year we finished seven and seven for fourth place, this year we are preparing for a better finish. To do this we need a lot of help from sophomore Jacque Robinson and Rudy Chavez. Last year we were led at the plate by returning first baseman Robert Pena with help from Robert Bettencourt and Manuel Espinoza at third. Steve Perea and Adam Carranza returned to bolster the pitching staff. Putting this all together it looks like a good year for the Bulldogs.

The 1979 Gymnastics Team was one of the most successful in recent years. The six veteran gymnasts provided strong leadership, as the new talent blossomed into fine competitors.

Losing our two talented seniors, Rocio Posadas and Elida Martinez to graduation, will leave a void in our team; however, the new team members are dedicated to learning more advanced skill.

The Boys Gymnastic Team competed on an exhibition level against other league schools. While only in its second year of existence, the boys' program is one of the best in the league.

TENNIS

The San Jose Varsity Tennis team sparked by Sal Urritia, and Norman Kaneshiro, dramatically improved during this year's league play. Both Sal and Norm knew going into the season that they would be facing players of higher calibre and that they would have to work hard if they were to remain competitive. Through hours of practice, and the skillful guidance of Coach Gil Mendez, they were able to achieve their goal. The dedication expressed by these men spread to their fellow teammates and thus reflected in the win-loss column. Vying for the final single positions were Carlos Acosta, Ken Takagi, and Cesar Manuel. These three provided the depth and experience needed during the course of the season.

Setting aside their overall record, San Jose displayed a deep sense of togetherness, something uncommon in the last few years. The team played as a cohesive unit, a common trademark among all successful teams.

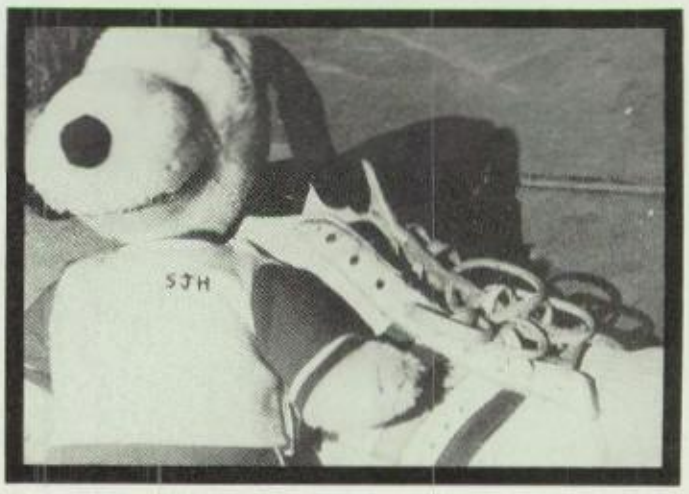
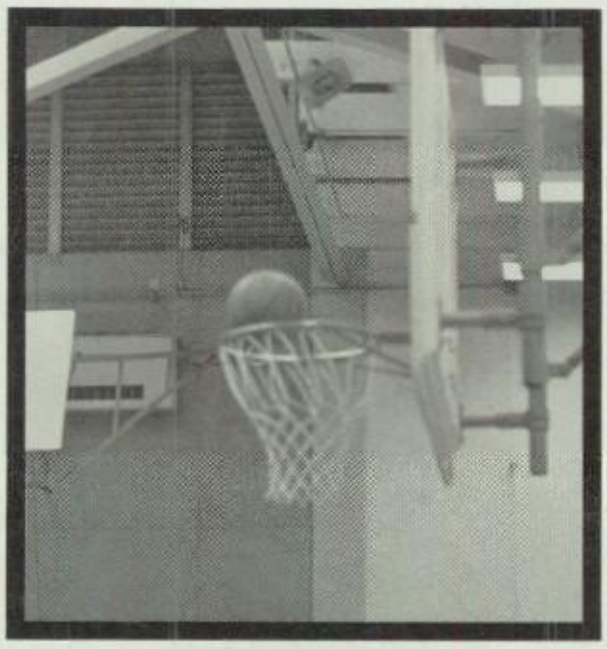
MEMORIES

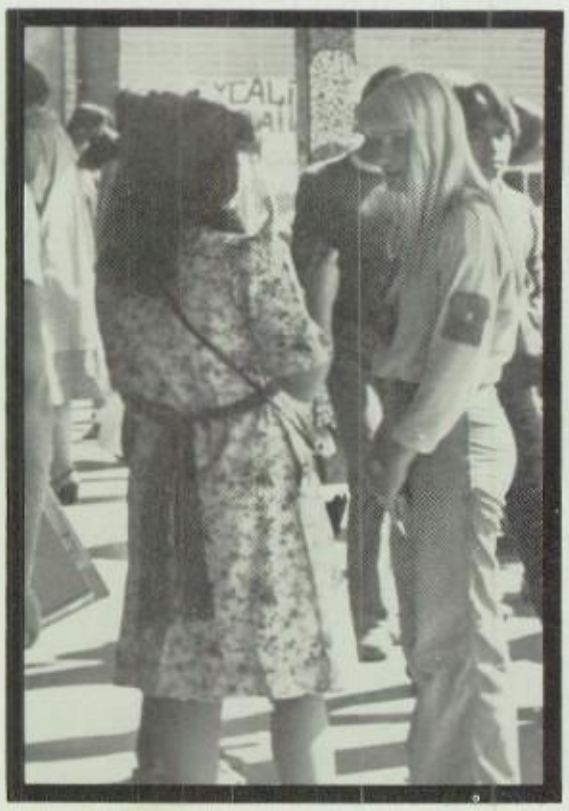
may be beautiful and yet,

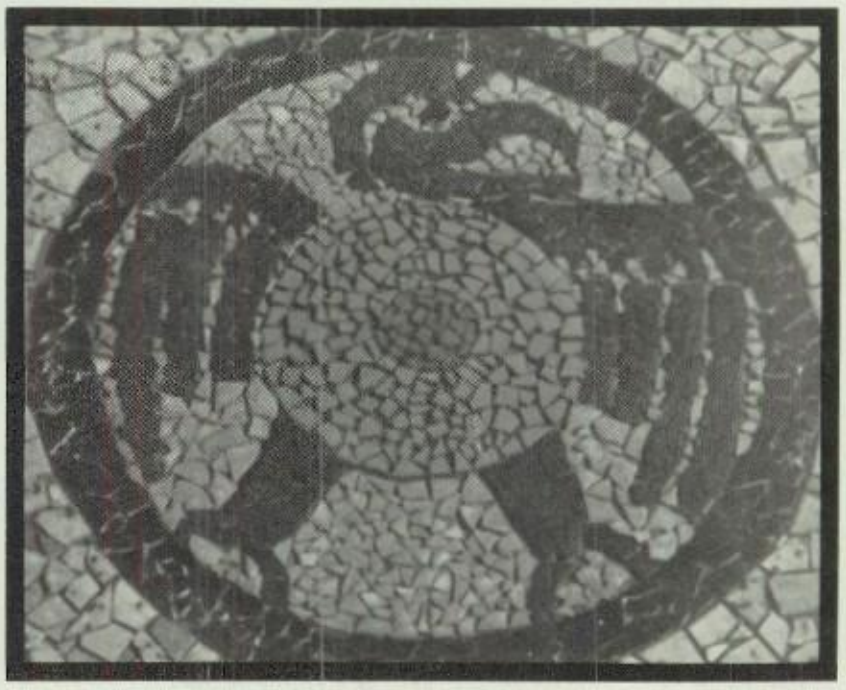


what's too painful to remember -

we simply choose to forget.







As we stepped through the doors of San Jose High for the first time, we had no idea of what was ahead of us within the next four years of our lives.

At first we were a little afraid of the word, High School, but with experience we grew from shy freshmen to responsible young adults.

As our Senior year comes to an end, we may once again feel somewhat afraid. Afraid perhaps of the questions: "Who am I", and "Where will my life take me?". Looking back on the many experiences of the past four years may provide some of the answers. Together we experience feelings of "VICTORY", defeat, joy, sorrow, pride and disgust. These feelings help shape what we are today and what we will become tomorrow.

With a little sadness we will remember the warm friendships, the spirited rallies, our last Big Bone Game, the crazy parties, the proms, the water fights at car washes, the BIG RED MACHINE, our favorite teachers, GRAD-WEEK at Hawaii. In a few years these memories will seem to fade, but in our hearts they will shine forever.

We will remember.....
We will cherish.....

me I hope you believe me because its true But I'll
tell you this I would find My-self comparing him to you
since I was so use to your way's and doing's. but
I found that was wrong.

I really dont know what to say Jess it all went so fast but people do change And their feelings with them change too thats what happen with us. You know I always wanted to spend the rest of my life with you thats why I was never scared of talking About the future for the both of us being together. I was just sorry you didnt feel the same as I did or we would most likely still be together now but you know, All you proved to me was you werent ready to settle down like I was I know you didnt want to be forced in saying something or doing something so I guess the way I look At it, you were saving my feelings from getting hurt in the end right? from something that wasnt true.

All I did was smarten up Jess, I learned to tell you things like your to rough with me or Jess you put me down infront of other people And people noticing bruises on me And Asking what happen sometimes it was Chris & Leanna but At times it was you too Jess, I wouldnt say it was you though. I looked back on All this saying to. myself is this what its going to be like in the future or will it be worse thats why It was so easy not calling you plus think of All the girls you had At work And you going to parties too that hurt me Alot when you would tell me what were you doing Accusing me of going out on you while meanwhile I was in bed thinking who you were with or what girls

So yes, I really
right not talking to
you this year, because its
your last year. Well, maybe it'll
see you in the summer and will
talk alright. You are a very sweet and
cute guy! I hope you are always happy. I
know you will because you have Karen. Stay the
way you are and PLEASE don't ever change! Take care
and God Bless you!

I don't have to tell you you're a good looking guy because you already know you are. Well you think your a lucky person just because you graduating, but just wait til next year, will be out of this school too! You and Karan better not break up anymore because Karan gives me a pain everytime you do. She calls me and asks me for counceling and I always tell her to apologize (Ha) Well I'll probably be seeing you at Karan's when I go to see her so have fun and take care of yourself. Don't party too much with all those goofy jocks. See ya.
